

01 SLEEP

I lay on the floor
they asked me what I do tonight
it answers
search for the moon

No, don't follow him
swallow him, swallow em
swallow it

I swear I will be good to you
I swear I will be good to you
I swear I will be
I will be

time come hold me back
I'll dream of what I've dreamed of
and I dream of what I call love

02 CRY WOLF

needs dying all
hard night
feel you tight
crop the wire
cold child
crop the ire

dying oh
grow up at night
feel you tight
as near as I
cold child

we dry soil, heartmill
feel you and I high
we die forever

03 THANATOS

glaucoma on our eye
plague to weather
until they run dry
ages of delirium
curse of my oblivion

I swell without a scar
to the end of time
a shell without a star
at the end of time

watch the bend of my wandering
of hunting with the lightning gun
tremor on my heaven sun
tares above my kingdom come

corn open tomb
I fell in your
cold fission bomb
I fell in your war

ages of delirium
curse of my oblivion

tremor on my heaven sun
tares above my kingdom come

04 EXTINGUISH ME

I search in snow, in vain
for your footsteps trail
I have to kiss them
with my scalding tears
until I see the ground

bury me under ice
smother me under the eyes
and snow

06 CYNTHIA

I'm waiting for this test to end
hi, I'm loosing myself in you, high
I'm loosing

~~be you rolling in sene~~
~~I've dived in it~~
~~in wide~~, in you
you say all
heartmill
you will

07 FALL FOLIAGE

„You made me smile with my heart“
you made me beg for admission cards
you will never stay
in my home on my way
forlorn from today

we have nothing more to share
only air, that old breath
all I pare off to a road
as my godd into my grave

one sear scratch is lying in the door
falling on the floor
all fleet snatch is laying waste my gore
it will drop down on the floor

you will never stay in my home, on my way
forlorn from today
we'll never find us again

08 SPIRACLE

when I was a child I toyed with dirt and I fought
as a child, I killed the slugs I bored with a bough
in their spiracle

when I was a child, pears pushed me hard in my head
in my neck, in my chest, in my waist, in my butt
I still beg, please help me

when I was a child I threw with dung as I fought
as a child, I fucked all thugs and I bored with a bough
in their spiracle

when I was a child, foes pushed me hard
in my
in my neck, in my chest, in my waist, in my butt
I still beg, please help me

when I was a child I rend my tongue distraught
as a child, I killed my thoughts and bored with a bough
in my spiracle

when I was a child
fears pushed me hard in my head,
in my neck, in my chest, in my waist,
I never loved
I still beg, please help me

~~when I was a child~~
~~I bred a whore in my heart~~
~~a stillborn child~~
~~I gasp for~~
~~the devil into my spiracle~~

I was a child, I was a child
I am a child

09 MR. GAUNT PT 1000

I fell in love with you
but I know that's just a sky
I don't know where I go

10 MARCHE FUNÈBRE

grow tall skin
fold on
they said, rank the wall
bad weeds grow tall
hold on skin, fold on
they said, rank the wall
bad weeds grow tall
high I walk through a firewall
bad weeds grow tall
fall, fall,
bad weeds grow tall

11 THE SUN

I see the sun
she dawns
she burns
she grows
she feeds
she spews
she dies
above us
and baults the shadows
which faces myself
she drives me
into the black hole

the doors opens there
the skin opens there

13 BROTHER OF SLEEP

I dreamed of you
every day
and every night
